

Soumitra Das

(+91) 8670234735 Chennai, India

EDUCATION

Institute	Degree	Year	GPA/Marks(%)
Indian Institute of Technology Madras	M.Tech Data Science and AI	2024-2026	7.53/10
Indian Institute of Technology Delhi	M.Sc Mathematics	2020 - 2022	6.88/10
Ramakrishna Mission Vidyamandira	B.Sc(Hons.) Mathematics	2017 - 2020	7.75/10
WBCHSE	Higher Secondary	2017	85.2 %
WBBSE	Secondary	2015	84.14 %

RELEVANT COURSES

- MTech: **Machine Learning** [DA5400], **Deep Learning** [DA6401], **Natural Language Processing** [CS6370], **Reinforcement Learning** [DA6400], **Modern Computer Vision** [EE5178], **Data Analytics Laboratory** [DA5401], **MLOPs** [DA5402], Data Structures [DA5300],
- **Coursera/deeplearning.ai**: Sequence Models, Convolutional Neural Network, Getting Started with AWS Machine Learning by AWS
- NLP Course from Huggingface, Pandas, Mathematical programming, Numerical Analysis, Linear algebra, Data Mining, Cryptography, Graph Theory

TECHNICAL SKILLS

- **Machine Learning Tools/Libraries**: Pytorch, transformers (huggingface), datasets, tokenizers, scikit-learn, OpenCV, Keras, tensorflow
- **MLOps**: Docker, Git, Apache Airflow, FastAPI, DVC, Grafana, MLFlow, Wandb, PySpark
- **NLP**: Transformers, Language Models(Bert, GPT), MinGPT, Name Entity Recognition, Machine Translation, Question Answering
- **Computer Vision**: Object Detection [with YOLO], semantic segmentation [with UNet], Face recognition, Neural Style Transfer
- Deep Learning, Machine Learning, Basic GANs
- **Programming Languages**: Python(Numpy,Pandas,Matplotlib,Seaborn,Scipy,Statsmodels), C++, C, MySQL, Javascript, R, Octave

WORK EXPERIENCE

- **AI Intern at Walmart Global Tech, Bangalore** [Ongoing, 1-year (18/08/2025-18/08/2026)]

MASTER'S PROJECT

- **Unified algorithmic validation framework for multiple aspects of catalog enrichment**
- **Autonomous AI Agents for enhancing Catalog Content Quality and efficient Catalog onboarding with Shift Left Strategy**

Academic Awards and Achievements

- **IndiaAI Masters Research Fellowship** by Indian government(IndiaAI) for AI Research.
- GATE [DA] **AIR 114**, JAM [MA] **AIR 360**, SVMCM Scholarship from W.B Government

Responsibilities and Interests

- Class Representative of M.Tech, Head of DSAI Community
- Films, Music, Reading, Learning, Entrepreneurship

Personal Projects

- **MinBert**: Created a Minimum representation of Bert and finetuned it for multiple tasks.
- Neural Machine Translation (Chinese to English) with attention RNN
- Object Detection using YOLO : Developed an object detection model using pretrained YOLO Weights
- Image segmentation with U-Net
- Face Recognition with Siamese Network
